ENGINEERING DEPARTMENT

PERMIT

Subject to all of the terms, conditions and restrictions printed or written below and on the attached pages hereof, permission is hereby granted to:

Install, 12 in. x 6 in. pipe with a 24 in. casing, water main inside existing county rd.  
Right-of-way and cross county roads as shown on the ATTACHED plan and detail sheets.  
First Impact Began @ 3,200 feet north of Pinkerton RD on Potts Lane at the existing tank.  
A second Impact Began @ one mile north of Pinkerton RD on Potts Lane. First impact ends  
at 270 feet east of the intersection of Pinkerton Road / Potts Lane on Pinkerton RD. The second  
Impact ends @ 1.25 miles north of Pinkerton RD. on Potts Lane.

Roadway is defined as including area within three (3) feet of pavement. All lines laid  
within this area along the road shall be backfilled according to specifications.

Applicant must notify County Engineer (phone 454-0155) at least 24 hours in advance of  
the time the work is to commence.

In accordance with County Commissioners resolution dated October 23, 1968, line or  
cable is to be placed at a depth of three (3) feet below the ditch line of said County Road.

Provision by Board of County Commissioners dated May 26, 1973. All permits where  
they cross roads regardless of gravel or pavement must be bored or driven under the road instead of  
excavated.

This permit to be in possession of employees in charge of the work at all times. The same  
is to be shown upon request to any employee of the Muskingum County Engineering Department.

No work shall be performed under this permit until the party or parties to whom it is  
granted shall have communicated with and received instructions from the Muskingum County  
Engineer. This permit shall be void unless the work herein contemplated shall have been completed  
before April, 2002.

Recommended by the Muskingum County Engineering Department this 27<sup>th</sup>  
day of June, 2002.
