This historical map of Rix Mills, North Carolina, provides a detailed view of the town's layout and property ownership in the mid-19th century. The map is organized into a grid system with horizontal and vertical lines representing streets and property boundaries. Numerous names of landowners and property holders are handwritten throughout the map, often accompanied by small numbers or initials. Key features include a schoolhouse, several churches (Methodist, Baptist, and Presbyterian), and a post office. The map also shows the locations of various mills, including the Rix Mill, Moorehead Mill, and Williams Mill. The terrain is depicted with contour lines and shaded areas, indicating elevation and land use. The overall scale is approximately 1:25,000.
