Description continued from front page.

Subject to setback lines and easements for drainage and utilities as shown on the accompanying plat and to all the restrictions that are recorded with Greenbriar Estates II in Plat Book 15, pages 143, and 144. It is also understood that where the restrictions refer to a Lot in Greenbriar II it means also the accompanying plat with this deed.

There is also one added restriction and that is that there may be no exposed concrete block above grade (must be faced with brick) and this refers to foundation, walls and any exposed area and also that all surface water, drain lines and downspouts must be directed and maintained on each lot as to not impose a problem with abutting properties.

This description written from a survey made by Walter D. Dinan, Registered Surveyor #5451, January 14, 1991.
