RE: Military Rd Bridge Project Surveys

Dear Mr. Davis,

It is my understanding that the County has instituted a policy that no survey that would require a City of Zanesville Planning Commission stamp be approved for closure prior to receiving the stamp from the City, as an effort to ensure that all proper procedures are followed. Please be advised that the City of Zanesville Planning and Zoning Office will not have an issue with the County Engineer's Office proceeding with approving the surveys in question for closure. The applicant in this case has been advised that City Planning Commission approval will be required prior to any attempt to transfer property.

Respectfully,

Patrick R. Denbow  
Planner / Zoning Administrator, City of Zanesville
